Horses Waiting For Adoption

Angel – 12 year old TB mare has been on the track. She has super ground manners and rides quite nicely. Due to old injuries she will only be able to do light riding. Her rehabilitation is almost over from the injuries she had incurred. She is also learning how to do long driving in hopes of teaching her to drive a cart. Angel loves attention, gets along well with other horses and is ready to go to her new home. She is also a very easy keeper. Please call Ann Jost at 520-559-2224 for more information or to see Angel.

Adoption fee: \$200

Diamond – 20 year old very beautiful Arab mare. Diamond was in a severe state of starvation when she came into the program with a body score of 1.5. She is gaining back her weight well and she does ride well. She is a quick mover and covers a lot of ground. She will be ready for her new home soon. Please call Ann Jost at 520-559-2224 for more information or to see Diamond. Check our website to see her pictures from when she was rescued.

Adoption fee: \$200

Filly – 4 year old beautiful Arab/Quarter cross mare. Filly had been neglected and is on her way to a full recovery. She has been started with ground manners, round penning and most recently started taking a saddle. She is ready for a new home that can invest in continuing with her training. Please call Ann Jost at 520-559-2224 for more information or to see Filly.

Adoption fee: \$200

Sponsors are always needed to help defer the cost of the feed required to bring CFH horses up to their healthy weight. If you would like to make a tax deductible donation please send your check to: Care For The Horses, PO Box 884, Sierra Vista, AZ 85635. Your help would be greatly appreciated.

Eagle Scout Projects Help CFH Again!!

Again we have been blessed with help from Tristan Danz and Rick Errhalt from Troop 486 who chose to do their Eagle Scout projects for CFH.

Tristan Danz's project was to put electricity to our hay barn. Now during the winter when feeding in the dark early in the evening we will be able to see without using a flashlight. There are also times when we pick up horses during the night when assisting the sheriff's department. When that happens we need to get feed out of the barn and again it will be much better than doing it in the dark.

Rick Errhalt's project was to enclose a shelter on three sides. This will really be great when we have really thin horses in and have bad weather. Now they will have great protection from the elements.

A super big thank you to their fellow scouts, parents and scout leaders for assisting with these projects. Donations were received from Hippy Chicks N Eggs, City of Sierra Vista, the Fire Department, Home Depot and Lowe's for the supplies to complete these projects.

Check out our FB page to see pictures of these projects.

Meet Vanessa Bee In Person

Live Q & A with Vanessa each day

Vanessa has been around horses most of her life, working in the racing stables throughout her teens, then driving competitively into her early twenties. As a qualified teacher with a degree in education, Vanessa uses her training facility in England and her own method known as Positive Horsemanship, to specialize in building relationships between the horses and the handler from the ground up. She has studied and worked with some of the greatest horseman of the age. By creating the International Horse Agility Club, she has provided a social and competitive outlet for those relationships to grow.
